

Adaptable spaces with FlexiShelf

With FlexiShelf, you can reorganise the interior of the fridge in whichever way suits you. The movable, half-depth glass shelf can extend fully, or just half way, to make room for taller items. Meaning you can always store tall bottles, or many smaller items, effortlessly.

Product Benefits & Features

No compromise on space with MaxiBox

We specially designed the MaxiBox vegetable drawer to provide great storage for even the largest ingredients in your fridge. Meaning you can organise your space easily and efficiently. You can store everything from bags of potatoes to watermelon with ease.

Consistently cool with DynamicAir

DynamicAir makes sure that the environment inside your fridge is kept at a stable temperature. It works by circulating cool air throughout, meaning that even when the door is opened, your food is protected from heating up. Preserving food better the clever way.

Humidity control for fresh greens

Enjoy delicious vegetables with our Humidity Control drawer. By managing the moisture in the air, it creates the best environment to store food. Closing the vents creates the ideal space for storing herbs and leafy greens, while opening the vents gives optimum storage.

Effortless control with Electronic Touch Controls

Electronic Touch Controls provide easy access to the fridge's settings and functions, so you can effortlessly change the temperature depending on your needs. It's control at your fingertips.

Cool ingredients in a second with FastCool

New items added to the fridge take time to chill and increase the overall temperature inside. The fast-acting FastCool function preserves food and cools new ingredients quickly by dropping the temperature for a short period.

- Appliance HxWxD (mm): 1769 x 556 x 549
- Refrigerator
- Extremely silent: only 35 dB
- Net capacity cooling compartment: 310 l
- Egg tray: 2 for 6 eggs
- Internal LED light
- Holiday function to minimize energy consumption during long absence avoiding mould and bad odours
- Electronic temperature control with LCD display
- Built-in HxWxD (mm): 1780 x 560 x 550
- Action Cool function quickly assures the desired refrigeration temperature
- 1780 mm built-in height
- Door hinges placement: Right & Reversible
- Soft-closing door solution
- For fully integrated, door-on-door installation
- Refrigerator shelves: 4 Full Width + 1Flexi shelf, Foil on Plastic
- Drawers on telescopic gliders
- Special drawers: Plastic w. Foil, 1 Fully Extendable Pull Out Drawer (with divider)
- Audible & visual open door warning signal
- Fan air circulation for even temperature throughout the fridge
- Shopping function quickly assures the desired refrigeration temperature

Product Specification

Total net capacity refrigerator (litres)	310
Dimensions WxDxH in mm	W556 x D549 x H1769
Net Weight (Kg)	55
Voltage (V)	230-240
Country of origin	IT
Climate class	SN-N-ST
Connected Load	100
Cord length (m)	2.4
Energy class	G
Color	White
Depth (mm)	549
Height lid closed	1769
Installation type	Built-in
Width (mm)	556
Product type	Cabinet > 880 mm
