

### Your everyday, washed with care

Our excellent PerfectCare 600 washing machine with SensiCare System adjusts the length of the programme to the size of the load, using less energy and water and preventing any item from being washed for too long. Enabling the most economical cycles for even your smallest loads.

## Product Benefits & Features

### Tailored washing means perfect results with SensiCare

Our SensiCare system automatically adjusts the programme's settings to suit the size of the load. Smart sensors reduce the time, water and energy used, meaning even small loads are washed with precision. For an effective clean without any risk of wear and tear.

- Appliance HxWxD (mm): 850 x 600 x 547
- Anti-flood protection
- Washing capacity
- Child lock
- Maximum spin speed: 1400 rpm
- Inverter motor for increased performance and extremely silent working
- Anti-foam rinse system
- Washing Machine
- Accessory included for optimal use of liquid detergents
- Typ av plattform
- Out of balance control of the drum load
- Fuzzy Logic technology, adapting to the load
- Silk program designed specifically for silk with gentle wash and adapted spin cycle
- SoftPlus option
- Feet
- Washing programs
- 52 l / 0.808 kWh for standard programme
- Eco valve, 8kg, A+++, 1400rpm, Inverter motor, 547mm / 576mm depth/max depth, Gentle care, WOOLMARK BLUE
- Oko Mix, 10kg, A+++ -40%, 1600rpm, Permanent Magnet motor, 636mm / 658mm depth/max depth, Protex, Woolmark Green

### Every fibre reached, every item softer

Our SoftPlus Option pre-soaks and distributes clothing evenly. Ensuring every fibre is reached and that every item in the load feels soft and smells fresh for longer.

### Add steam for truly clean and hygienic

Our Vapour Care Technology finishes each cycle with a gentle spray of vapour to soften fabrics. Water vapour is combined with a high-performance wash programme to remove bacteria from garments. Making for hygienic and gentle cleaning.

### Less energy, more time

Our Eco TimeManager let you adjust the length of the wash cycle to the time you have available. Saving you both time and energy with absolutely no compromise on the thorough wash your clothes receive.

### Clean clothes when it's convenient

Adjust the start of the cycle to suit your schedule with the delay start function in the washing machine. The laundry will be ready to unload when you are ready to unload it, keeping it as fresh and as fragrant as possible. It's the most convenient way to clean.

**Product Specification**

Cord length (m)	1.8
Load Capacity kg (Wash)	8
Max. spin speed (rpm) (2010/30/EC)	1400
Motor system	Inverter
Net Weight (Kg)	68.5
Color	White
Frequency (Hz)	50
Voltage (V)	220-240
Energy class	A-50%
Connected Load	2000
Panel color	White
Rated capacity in kg	8
Required Fuse	13
Dimensions WxDxH in mm	W600 x D547 x H850
Inlet hose length (mm)	130
Outlet hose length (mm)	145
