

**Two vacuums in one**

Experience the ultimate combination of function and flexibility. Whether you need to vacuum a larger area or a small place that is difficult to reach, the detachable 2-in-1 handheld unit fixes the job. With its lightweight and ergonomic design, you can easily clean the around the kitchen table, under furniture or smarten up your

Product Benefits & Features**Easy Steering. 180° Movement.**

Glide effortlessly through the cleaning with 180° EasySteer manoeuvrability. The cleaning nozzle is hinged so that it can effortlessly swing through a range of 180° on all types of floors, making it easy to get into those hard-to-reach areas like under furniture.

**High performance for longer**

Whether it's a quick clean up or a weekly deep clean, you can get the job done with 53 minutes* of uninterrupted run-time. Reliable, high-performance batteries guarantee sustained power for longer.

*Based on low speed.

**Stand by me**

Conveniently park this vacuum cleaner anywhere thanks to its self-standing design. This also makes it simple to store and easy to pause mid-clean.

**The Vacuum that cleans itself**

Forget pulling tangled hair and fibres from your vacuum cleaner brush. Let the patented BrushRollClean technology do the job by just pressing the pedal for 5-10 seconds whilst the vacuum is on. The internal blade cuts the hair and fibres which are then sucked into the dust

**Never miss a spot**

The LED headlight illuminates the floor in dark spaces to ensure so that you can clearly notice dirt and dust.
