

**Tailored programs, gentle care**

The tailored programs combine the ideal level of steam and heat. Simply select your fabric type, and the iron will do the rest. You never have to worry about whether or not you can iron delicate fabrics.

Product Benefits & Features**It only takes a minute**

Our steam station only takes 60 seconds to heat up, so you can get your clothes refreshed and ready-to-wear quickly. Save time and get professional results without the time and effort.

**Steam iron your way**

Experience the best ironing results by combining the power of heat, steam and pressure, all delivered through the scratch-resistant Resilium Soleplate. A steam on-demand function emits steam exactly when and where you need it.

**Triple cleaning function**

The unique soft water activator and the FlushClean function keep the steam clean and soft, which prolongs the lifetime of the iron. An electronic reminder will notify you when the activation tool needs to be changed.

**Steady and continuous steam**

The iron's continuous steam output gives you the perfect amount of steady steam for better crease removal and wrinkle-free ironing results.

**Goodbye stubborn creases**

Use the powerful steam shot when tackling those difficult wrinkles in hard-to-reach areas. The iron offers a strong steam boost to enable you to easily remove even the most stubborn creases.

- No. of programs
- Non-stick soleplate
- Self-cleaning
- OutdoorCare
- AutoOff
- Overheating protection
- SafeTouch indicator
- Continuous steam rate (g/min)
- Steam shot (g/min)

Product Specification

Included accessories	Water jug
Controls	Manual & buttons
Main colour	Blue
Water Tank Capacity (L)	0.37
Depth (mm)	160
Depth (mm)	139
Height lid closed	152
Height (mm)	195
Product type	Steam irons
Gross product weight (kg)	1.9
Net product weight (kg)	1.7
Width	314
Width (mm)	333
Material	Plastic
Total wattage (W)	2000-2500
