

Merge zones for more room to cook with the Bridge Function

The 600 Bridge Induction Hob lets you combine two separate cooking zones to create one large surface. With the temperature and time settings automatically aligned, it's ideal for making the most of planchas or roasting pots.

Product Benefits & Features

Combine and cook more with DoubleBridge

With the DoubleBridge function, you can combine two cooking zones on two different areas of the hob. Merged zones will have perfectly aligned temperature and time settings.

- Appliance WxD in mm: 590 x 520
- Left front zone: Induction, 2300/3200W/180x210mm
- Main colour: Black
- Middle rear zone: No,

Tailored to the size of your pans with Infinite self-sizing zones

The Infinite self-sizing cooking zones adapt to the size of your pans as soon as they are covered. The zones offer total coverage, whatever the size of your pot, delivering heat with no performance loss. Enjoy accurate and efficient cooking with our self-sizing zones.

Effortlessly time every step of your recipe

The adjustable timer helps you to follow the cooking process effortlessly. It can be set up to one hour, and gives you an accurate reminder of your cooking time. It turns the selected cooking zone off when the time has elapsed and doubles as a minute minder when you're not using the hob.

Direct touch control for every zone

Easily adjust your hob's temperature settings with our direct touch controls. Each cooking zone has an individual power control, so it's clear to see and simple to change the heat settings. And as it's one smooth surface, it's easy to clean.

Intense heat, in an instant with PowerBoost

Activate the PowerBoost function for an instant burst of heat during cooking. It's ideal for getting dishes ready faster. You can boil water quicker than ever before, and get pans ready for searing when you need them.
